

Date:

Name of Company
Address of Company

Dear CEO:

I have sent several payment instruments to which you have held and not returned back to me and have failed to zero out my account. I have now filed it with the US Treasury to pay off my balance using my cestui due vie trust and you are now obligated to file a **1099-OID** form to receive the funds from the U.S. Treasury and failure to do so will result in a corporate violation of my rights per **HJR 192 of 1933** and **15 USC 1692 A-K**. Failure to accept my payment as such is both an illegal and unlawful act by your corporation and is a lienable offense in the amount of \$6,000,000 in which the U.S. Treasury will be contracted with me to collect on my behalf. It is imperative that this account be paid off within 3 days of receipt of this notice and all negative reporting to the credit bureaus be corrected as I have certified mail showing proof that I submitted the payoff balance beginning 2/4/2022.

Since there was no return of my negotiable instruments you have now accepted 5 payments toward this account. Your company has failed to pay off the balance owed, failed to acknowledge reasons as to why the instruments were not accepted for payment even though they were not returned which by definition is accepting payment per each letter sent, and have continued with defamation of character in credit bureau reporting, all while harming a living soul in the name of Tara-Jean: Jarrett© Beneficiary

This letter is meant for the CEO or acting CEO and no other person is permitted to answer to this matter. Any effort to do so will be considered mail fraud and tampering with the mail which also holds possible imprisonment and fines per **18 USC 1701, 18 USC 1702, 18 USC 1703, and 18 USC 1708**. Anyone who tampers with this mail other than the CEO or acting CEO of this corporation will also personally be named in the lien with the U.S. Treasury.

If there is no payoff or response to this matter within 3 business days by the CEO I will proceed with liens and offenses to the U.S. Treasury and contract with them to handle this matter going forward.

Sincerely,

Tara-Jean: Jarrett©, Beneficiary
